FOOD:

*Stickler's Pop Shop,
Natrona Bottling Co.,
Homemade Summer Sandwiches*

Quick & Cool!

Stickler's Pop Shop
1149 Evergreen Ave.
Millvale, PA 15209

Stickler's Ice Pop Company offers a variety of small-batch ice pops made with fresh fruit and all-natural ingredients. All of the pops are gluten free and vegan friendly. The small amount of added sweetness comes from pure cane sugar. And, the pops never have artificial flavors or colors. The best part is, all this is done without sacrificing flavor or satisfaction.

Natrona Bottling Company
91 River Ave.
Natrona, PA 15065

Every batch of soda is individually mixed and measured by hand, using vintage equipment, and a carbonation process that has been with the company since the first sodas rolled off the line, called "pin-point carbonation". It produces tiny bubbles instead of the larger gaseous bubbles. They use only pure cane sugar to bring you the same great-tasting and refreshing sodas that small home-town bottlers provided for their communities across the country.
